ACTIVITIES

FALL REGISTRATION

Bev Blackburn receives her Student Activity Card from Tony Czarnecki as she nears the end of the registration line.

WATERMELON PARTY

Norm Taylor, one of the official cutters of the Watermelon Party, seems to enjoy his duty.

The Watermelon Party had plenty of square dancing, fun, and watermelon.

They lost, but the sophomore girls tugged earnestly on the rope, egged on by the men.

Operation backstrain: these men won the tug-of-war, and from the looks on their faces you can see why!

Once again the Freshman class defeated the Sophomores in Black Friday competition. Everyone was busy: the men with softball, cross country, touch football, and tug-of-war; the women in wheelbarrow races, softball, chain relays, an egg-throw, and a tug-of-war.

BLACK FRIDAY

One of the messiest games of the day was the girls' egg-throw.

BONFIRE

Students brave the cold to watch the annual J.C. Bonfire.

The Freshmen heaped on piles of wood in hopes of beating the Sophomores.

Roxanne Franklin, Bev Davidson and Beth Horsch, admire dolls dressed by Women's Club members.

DOLL'S TEA

TURKALOON

Whether dancing or watching, the Turkaloon was enjoyed by everyone.

CHRISTMAS FUN AT J.J.C.

Christmas spirit spurred many students into helping decorate the tree at John George Hall.

A new sign in front of Cortland Annex was a Christmas present from the Men's Union.

MEN'S UNION SIGN HANGING

SWIMMING

For the first time at Junior College students can enjoy free swimming in the Cortland Building pool.

SKI TRIP

The annual Ski Trip turned into a skating and tobogganing trip for nearly one hundred J.C. students. Because of warm winter weather no one could ski but everyone enjoyed skating and fast toboggan rides at Echo Valley.

ROLLER SKATING PARTY

There was some fancy skating at the Roller Skating Party sponsored by the Women's Club.

Deno Demos, Maria Galimana, Pete Demos, and Jan Carter go to town with a lively Greek dance.

TWELFTH NIGHT

Highlighting the holiday season was the International Twelfth Night Party.

Official cooks for Twelfth Night were Sherry Rubert and Ann Preston.

The breaking of the Pinata was one of the main events of the evening.

*Homecoming Queen
Peggy Crowley*

*Homecoming King
Tom Mohlman*

Homecoming crowds danced to the theme of Camelot.

A very happy king and queen.

Members of the Homecoming Court from l to r are: Beverly Davidson; Helle Laursen; Joan Abbee; Sue Kilgallin; Landis Hardy; Randy Wirth; Norm Taylor; and Tony Czarnecki.

W.U.S. CARNIVAL

Members of the Men's Union and the Women's Club welcome Gwen Patterson, a representative from World University Service, to John George Hall.

SNEA couldn't find a he-man strong enough to drive in this giant economy nail.

Eats and treats were provided by the International Club and French Club's foreign cafe.

You had to be a brave soul to enter the House of Horrors. The ghosts were really disguised members from the Players Club.

A big attraction for the fellows was a pinball machine brought in by the Ham Radio Club.

Fred Lozowsky, Jim Flemming, Ron Harrison, Tom Neesley are among The Ugliest Men on Campus. The winner, Bob Watters, was too ugly to be photographed.

Everyone at the Carnival was doing something different and all enjoying themselves.

THE WICKWIRE GIFT . . .

J. Sterling Wickwire has donated his 270 acre farm for the future site of Jackson Junior College. The gift was presented in his name and that of his late wife, Hazel Gilbert Wickwire. Situated on the rolling acres is the Wickwire mansion. Mr. Wickwire has

" . . . whole country has to have community colleges—can't all go to universities."

" . . . education for the masses instead of the gifted few."

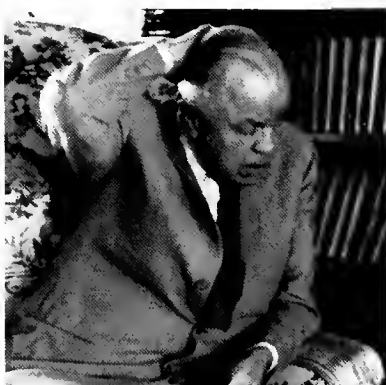

"There is enough land for a good community college."

suggested that his home become the future home of the President of the College. The land is close to 190 acres already owned by the Union School Board which, when added to the Wickwire parcel, gives sufficient land for a college campus.

"It will take careful planning . . . "

" . . . no reason why landscape shouldn't be preserved—make the buildings fit the land."

"It would be nice to have an auditorium available to the community for concerts and lectures."
